

Rush CME Event

Evidence-Based Clinical Practice Guideline: Reconstruction after Skin Cancer Resection

Join **Peter C. Revenaugh, MD**, for a review of the recently released- Reconstruction after Skin Cancer Resection Evidence-Based Clinical Practice Guideline. Dr. Revenaugh was a part of the multi-disciplinary work group convened to develop the guidelines. Final recommendations are related to timing of reconstruction, management of anticoagulation, use of antibiotics, pain control and follow-up assessment.

**Thursday
July 15, 2021**

6:00 PM (central)

Join us for this free virtual CME.

Excellence is just the beginning.

About the Presenter

Peter C. Revenaugh, MD, is head of the Section of Facial Plastic and Reconstructive Surgery and the Patient Safety and Quality Improvement Officer for the Department of Otorhinolaryngology. He completed advanced fellowship training in facial plastic and reconstructive surgery at Johns Hopkins University following residency at the Cleveland Clinic. Revenaugh is an active member of the American Academy of Facial Plastic and Reconstructive Surgery and has authored numerous journal articles and book chapters related to complex aesthetic and reconstructive techniques. Revenaugh leads a team of surgeons known for their comprehensive and collaborative approach to aesthetic and reconstructive surgery.

Learning objectives

Upon completion of this educational activity, participants will be able to:

- List evidence based guidelines for reconstruction after skin cancer resection.
- Describe the level of evidence associated with the above recommendations.
- List the strength of recommendations for reconstruction after skin cancer resection.

About this event
